 Note: *Forest's dad would get up at 5:00 AM in the morning and get everybody up and delegate chores to all the family even the girls had outside chores. After he delegated the chores he would go and take a nap until breakfast was ready. Forest didn't think that this was fair and even after he was grown he still didn't think this was fair. When Forest was only eleven and his brother Ed was age nine their father got them a job herding sheep. His dad would pick up their check and they wouldn't see a dime of the money. Forest said that these were hard times, especially at night, they were really scared. Forest had just finished the third grade when his dad put him out to work and no more schooling.*

 Note: *When Mable and her Sister Alice were small girls their father Thomas and wife Mary Pearce left Denver and moved to Saratoga and homesteaded a piece of land outside of Saratoga toward the Rocky Mountains. It wasn't long after that Mary left Thomas and got custody of us. Thomas didn't stay in Saratoga long and when he decided to leave, he stole the two daughters and took them back to Denver with him. He had to work so he put the girls in an orphanage there and paid for their room and board at the orphanage. We cried for our mother a lot but my sister Alice was a great comfort to me at this time. Alice didn't like spinach so she wouldn't eat it when they put it on her plate. They kept putting it on her plate until she decided to eat it and she learned to like it while she was there. I don't know when Mary got her daughters back, but eventually we were back together in Saratoga, Wyoming. Mary went through the tenth grade in Saratoga at that time that was as far as high school went. She played on the basket ball team at Saratoga High. She was also an accomplished horseman. Horses were the only means of transportation when she was growing up. She played a mandolin and had a good singing voice. She sang at her church and sang many solos, but her husband Frank couldn't carry a tune. All of her babies were born at home.*

12. FAMILY TREES

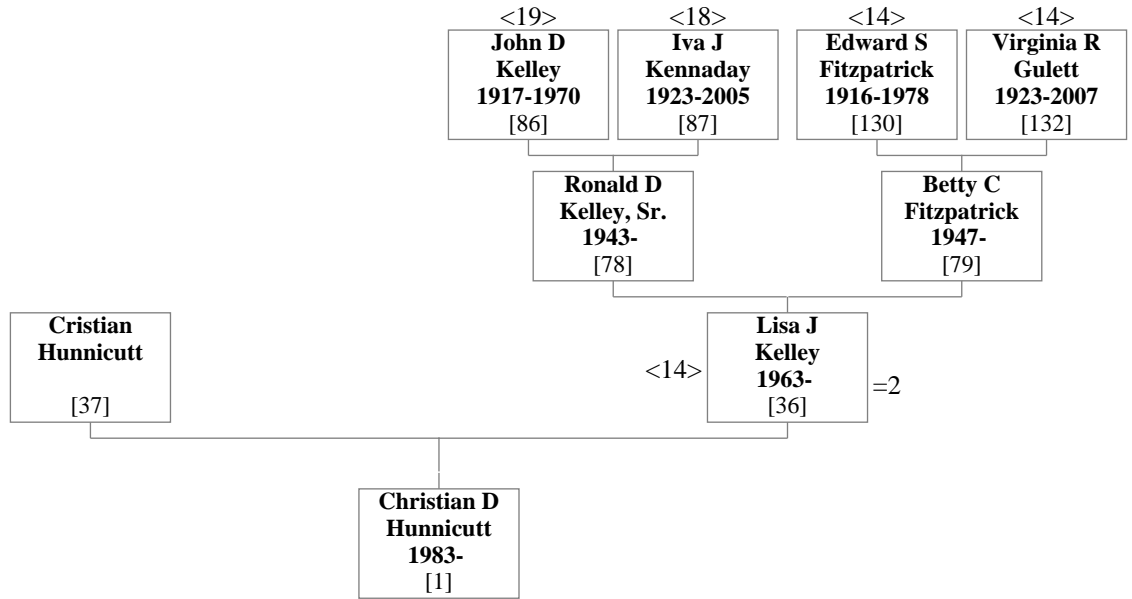

The following family trees each show the reported children, parents, grandparents and great-grandparents of a family group. In order to reduce redundancy, any family group which is wholly included within another family tree may not be reported separately.

Above each of the great-grandparent boxes (top row), a continuation family tree reference number in angle brackets is shown if the great-grandparent is recorded as a child in the continuation tree. A continuation reference number is also shown to the left of a grandparent or parent box if that individual has siblings reported in the continuation tree; and beneath a child box (bottom row) if that individual has children reported in the continuation tree.

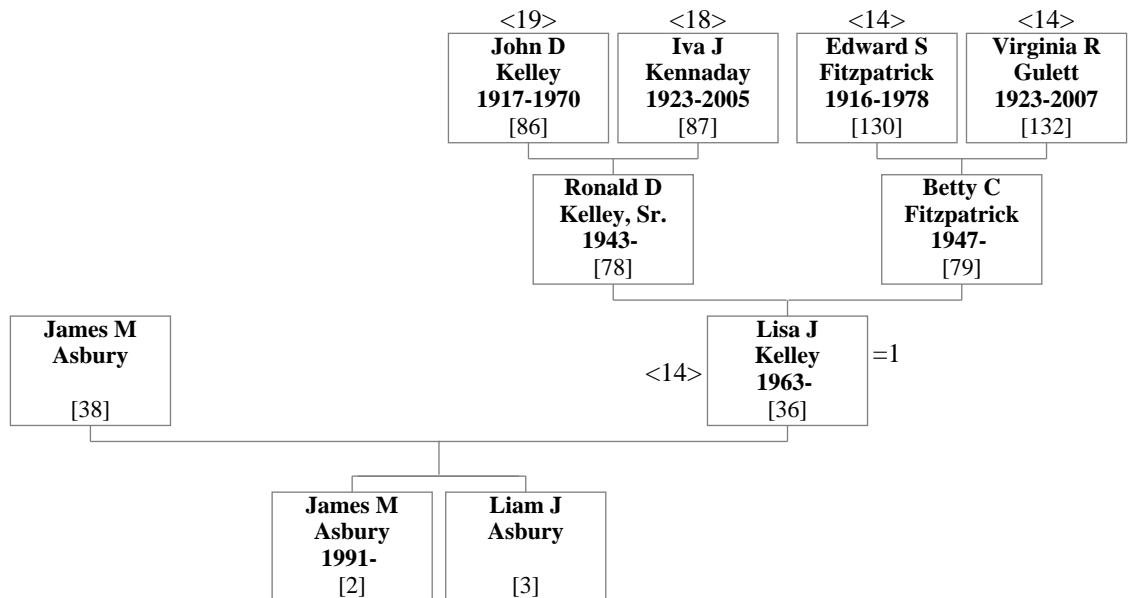

In cases of multiple marriages, a continuation reference number preceded by "=" is shown to the right of a parent box. This number references the previous and/or next tree in which that individual is shown with another partner.
