*Note: When Mable and her Sister Alice were small girls their father Thomas and wife Mary Pearce left Denver and moved to Saratoga and homesteaded a piece of land outside of Saratoga toward the Rocky Mountains. It wasn't long after that Mary left Thomas and got custody of us. Thomas didn't stay in Saratoga long and when he decided to leave, he stole the two daughters and took them back to Denver with him. He had to work so he put the girls in an orphanage there and paid for their room and board at the orphanage. We cried for our mother a lot but my sister Alice was a great comfort to me at this time. Alice didn't like spinach so she wouldn't eat it when they put it on her plate. They kept putting it on her plate until she decided to eat it and she learned to like it while she was there. I don't know when Mary got her daughters back, but eventually we were back together in Saratoga, Wyoming. Mary went through the tenth grade in Saratoga at that time that was as far as high school went. She played on the basket ball team at Saratoga High. She was also an accomplished horsewoman. Horses were the only means of transportation when she was growing up. She played a mandolin and had a good singing voice. She sang at her church and sang many solos, but her husband Frank couldn't carry a tune. All of her babies were born at home.*

## 15. FAMILY TREES

Each family tree shows the reported children, parents, grandparents and great-grandparents of a family group. In order to reduce redundancy, any family group which is wholly included within another family tree may not be reported separately.

Above each of the great-grandparent boxes (top row), a continuation family tree reference number is shown if the great-grandparent is recorded as a child in the continuation tree. A continuation reference number is also shown to the left of a grandparent or parent box if that individual has siblings reported in the continuation tree; and beneath a child box (bottom row) if that individual has children reported in the continuation tree.

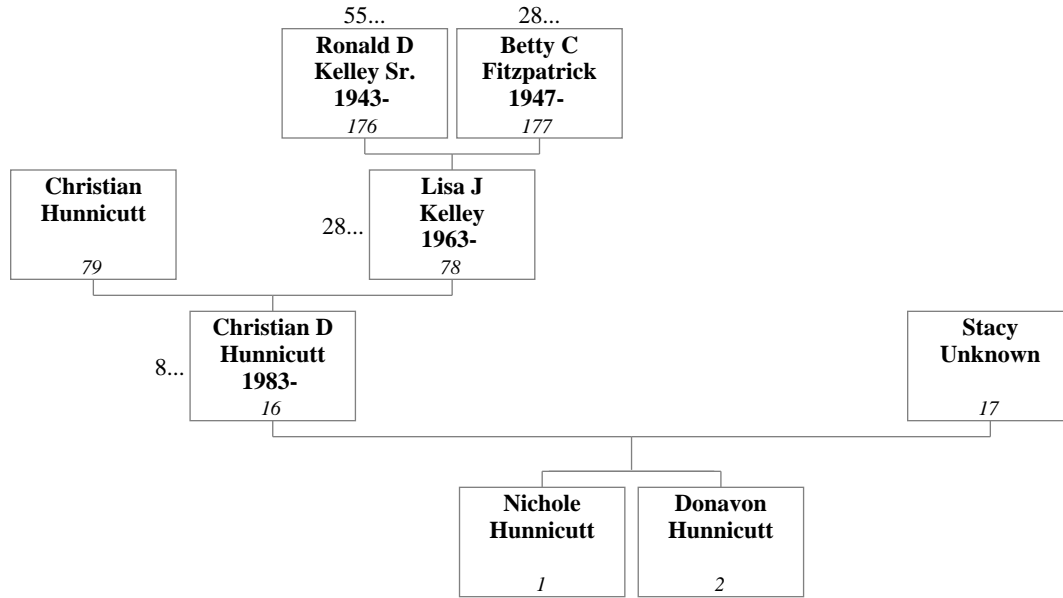

In cases of multiple marriages, a continuation reference number preceded by "=" is shown to the right of a parent box. This number references the previous and/or next tree in which that individual is shown with another partner.

In cases of adopted (or fostered) children, the parental connection is shown with a dashed line and a continuation reference number preceded by "=" is shown within the individual's box. This number references the tree in which that individual is shown with his or her natural parents.
